

PREPS UNIFORM INFORMATION

School uniform is compulsory at Research Primary School. The basic school uniform consists of a red shirt (with logo) and dark blue pants or shorts, for girls there is also a summer dress and a winter tunic/skirt. It is not required that you purchase your uniform from the school, however the items must be similar in terms of colour and material.

Uniforms will be on display at your child's transition visit. We would like all orders for 2024 to be handed in to school by **Tuesday 28th November**.

Below is a guide to the uniform carried by the school uniform shop, these items can be ordered through the year at any time using our School Uniform order form (which once completed can be emailed to the school office or sent to school with your child). An order form is attached.

Prep 2024 stock can take up to 4 to 6 weeks to be delivered to school (as we need to make a bulk order). If your order is not available for collection this year, we aim to have your uniform order for your prep child ready for collection on Monday 29 January 2024, when you come into school to collect their stationery bag.
