POLICY

1. School profile

Research Primary School is located in semi-rural surroundings on the north-eastern outskirts of Melbourne, within the Shire of Nillumbik. The school was established in 1889 during the gold mining days. The school is small enough to create a strong community atmosphere, and large enough to offer a range of engaging programs for students.

We have a hard working and dedicated team and a fantastic parent community who support us by participation in School Council and our Parents and Friends Community. Our extensive grounds and bush surroundings have many interesting areas for creative play.

Our school prioritises wellbeing for learning.

2. School values, philosophy and vision

Research Primary School's statement of values and school philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of Respect, Community, Ambition and Confidence.

Our school's vision is to excite, engage and empower our students to reach their full potential.

3. Wellbeing and engagement strategies

Example School has developed a range of strategies to promote engagement, an inclusive and safe environment, positive behaviour, and respectful relationships for all students in our school. We recognise the importance of student friendships and peer support in helping children and students feel safe and less isolated. We acknowledge that some students may need extra social, emotional or educational support at school, and that the needs of students will change over time as they grow and learn.

A summary of the universal (whole of school), targeted (year group specific) and individual engagement strategies used by our school is included below:

6. Student behavioural expectations

Violence, bullying, and other offensive and harmful behaviours such as racism, harassment and discrimination is not tolerated and will be managed in accordance with this policy and our Bullying Prevention Policy.

When a student acts in breach of the behaviour standards of our school community, Research Primary School will institute a staged response, consistent with the department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents and carers will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implement positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students and parents will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate

- withdrawal of privileges
- referral to the assistant principal or principal
- restorative practices
